

The Best Supplemental Retirement Plan of the 21st Century!

Wouldn't you like to have? *"The Best Supplemental Retirement Plan of the 21st Century!"*

Would you consider hiring a new employee for \$11.54 an hour if they could create over \$80,000 of Annual Tax Free Retirement Income for you?

It's a Smart Money Retirement Plan!
Only \$11.54 an hour can get it done!
\$11.54 an hour works out to \$2,000 a month.

If a 45 year old puts \$2,000 a month into a Top Rated Indexed Universal Life policy from an A+ Rated insurance company until age 67, using a conservative, nonguaranteed project rate of return, at age 68 he or she would then be able to withdraw in excess of \$80,000 a year for 33 years – Income Tax Free! The savings account is tied to the growth and only the growth of a Stock Market Index like the S&P 500. The money is not invested in the market, so there is no downside risk!

Over \$2.6 Million of Tax Free Income Plus Life Insurance!

Here is what else you get for \$11.54 an hour:

Immediate death benefit protection. Immediate peace of mind from the start, with **death benefit protection**. The policy also provides death benefit protection in retirement as well, as long as the policy stays in effect.

Flexible premium. Life insurance is not a qualified plan, so premium contributions are not subject to the limitations associated with tax qualified plan contribution limits. Also, any cash values grow on a taxed-deferred basis.

Generally tax free distributions. Clients can access any accumulated cash values within the policy generally income tax-free in the form of loans and withdrawals as long as the policy is not a Modified Endowment Contract.

No penalties for early access and no required minimum distributions. Should you need to access the policy's cash value before retirement, you can do so without a tax penalty associated with certain tax-qualified plans. Plus, should client later discover that they don't need to access the cash values, they are not required to take distributions and may then leave the death benefit as a legacy for their heirs.

There is a lot more to this than meets the eye, for more information on how you can begin a retirement plan today for only \$11.54 an hour.
